

Co-Evolve4BG

Co-evolution of coastal human activities & Med natural systems for sustainable tourism & Blue Growth in the Mediterranean

Analyzing and promoting the co-evolution of human activities and natural eco-systems in touristic coastal areas, towards sustainable development of tourist activities based on the principles of Integrated Coast Zone Management (ICZM) and Maritime Spatial Planning (MSP), promoting at the same time Blue Growth in the Mediterranean.

1 Integrated
analysis of
the threats
and factors favouring
sustainable tourism at
Mediterranean level

7 Pilot
actions for the
development
of sustainable tourism in
the pilot areas

2 Training
rounds
addressed
to the partners and
local actors involved in
the pilot actions

1 Toolkit
containing
indicators
to analyse the level of
sustainability of
tourism
