

Job vacancy: *Laboratory assistant position*

Location: *Laboratory of Environmental Bioprocesses-Centre of Biotechnology of Sfax, Tunisia.*

Position: *Post-doctoral researcher*

Number of positions: 1

Call opens: 17-08-2020

Call closes: 16-09-2020

Description:

CBS is seeking a laboratory assistant to work in the frame of the CEOMED project. The candidate will work in a lab environment, assisting scientists with experiments and providing general laboratory maintenance. In particular, the candidate will contribute to the operation and maintenance of biological reactors and some technical equipment. The candidate will assist in the sampling of organic wastes from the wholesale markets of fruits and vegetables and in the technical logistical works related to a biogas pilot plant.

Requirements:

The candidate must have at least a Baccalaureate degree. This person must have good experience in the science field, helping scientists and researchers with lab tests and experiments. The candidate typically must have an in-depth understanding of biological reactors. Strong organizational skills, excellent attention to detail and working effectively as part of a team in a laboratory environment are required.

Annual gross salary: 5 156 € (16 500 DT)

Contract time: 22 months

Next steps to apply:

The call will be published on the website of Centre of Biotechnology of Sfax (www.cbs.rnrt.tn) and will remain open from approximately August 17th 2020 for about 1 month. The selected candidate will sign the contract from November 2nd 2020.
