ONLINE REGISTRATION

Launching event of the Mediterranean Forum for Applied Ecosystem-based Management

The EBM approach for the Integrated Management of Marine-Coastal Zones

13 May 2022

Sala Convegni via Callistene - Sibari (CS) Italy | Live streaming

09.00 - 09.30 | REGISTRATION OF PARTICIPANTS

09.30 - 09.45 | WELCOME SESSION

Greetings and presentation of the program

Donovan M. Baldassarri, Project Manager MED4EBM - Amici della Terra Onlus

DAY 2

09.45 - 11.00 | EBM APPLICATION SOLUTION: THE INTEGRATED MANAGEMENT OF THE GULF OF CORIGLIANO

Coordinators

Manrico Benelli, Matteo Onori, Edoardo Scepi - EBM team MED4EBM project - Amici della Terra Onlus

Basic technical aspects: presentation on data management and database with ISP; illustration of the system diagram for the Gulf of Corigliano and identification of environmental components and criticalities; possibilities of intervention, expected/obtained effects after interventions; visualization with real-time discussion of data related to the identified components with related graphs and visualization on map.

Effective integration of EBM in the processes of government and management of the territory: aggregation of institutional, social and private actors in a working network structured by specific roles and objectives in the framework of the strategic process of EBM.

Questions and considerations

11.15 - 11.30 | COFFEE BREAK

11.30 - 13.00 | DEBATE ON THE MED4EBM PROJECT FORUM PROGRAM

Coordinated by **Paolo Caroli**, Regional networking coordinator MED4EBM project - PROGES

Comparison and open discussion with the participants in the event aimed at gathering interest, indications, suggestions and program commitments on the purpose, governance and mode of operation of the Forum.

Conclusions and thanks

Donovan M. Baldassarri - Project Manager MED4EBM - Amici della Terra Onlus

13.00 - 14.30 | LUNCH
