Termes of Reference for a technical assistance to mentor a sustainable fashion start-up
1. Background

MedWaves, the UNEP/MAP Regional Activity Centre for SCP (hereinafter MedWaves) is a centre for international cooperation on development and innovation based on the sustainable consumption and production approach (hereinafter SCP).

The Centre is one of the Regional Activity Centres established in the framework of UNEP/Mediterranean Action Plan (hereinafter UNEP/MAP)1, the programme of UN Environment established to support the member countries of the Barcelona Convention. Under that institutional framework, MedWaves has an official mandate from the countries as centre that engages in international cooperation with Mediterranean countries on development and innovation in the business sector.

The Centre is based in Barcelona and it is legally hosted by the Catalan Waste Agency, a public service agency considered a reference organization in waste prevention and management and the promotion of circular economy.

MedWaves is the leading partner of the ENI CBC Med funded STAND Up! project, a project that aims to enhance scalable, replicable and inclusive circular economy textile ventures in the Mediterranean by developing an ecosystem of business support, innovation, and technology transfer that will lead to sustainable job creation for youth and women. The project is implemented in Egypt, Italy, Lebanon, Tunisia and Spain by national partners.

In the framework of STAND Up!, MedWaves together with Texfor organised the 2nd edition of the WeMed Award that aims to promote an inclusive transition to sustainability in the Mediterranean. This edition recognised success stories of sustainable businesses in the textile and clothing sector. There were two categories (Northern and Southern shores of the Mediterranean) and each of them awarded 2 prizes.

2. Objective

The objective of this technical assistance is to provide a mentorship service for a sustainable fashion start-up with the objective of further developing and improving its business, financial and sustainability strategies.

This will be done by supporting the start-up in the design of the business scaling-up strategy, providing financial advice and developing a 3-years financial plan and, enhancing the sustainability strategy.
3. Description of the work

The consultant shall develop the following work:

1. To analyse and assess the business to understand the current situation of the business including the functioning, the business strategy, the financial flows and its sustainability actions.

2. To provide advice on the financial aspects, including cashflow statements and the profits and loss account’s in order to strengthen its capacity to take financial decisions and improve their operations.

3. To support them in building a 3 years business plan that will help them to plan their activities and attract investors interested in collaborating with them.

4. To provide advice on how to better embed sustainability in their operation by proposing them actions at the different life cycle stages of their products with an eco-design approach.

The consultant shall use the sustainable business development methodologies of MedWaves that are available at The Switchers Toolbox.

4. Deliverables and calendar

The Consultant’s team will start the work after the validation of their offer by the contractor.

<table>
<thead>
<tr>
<th>Deliverable</th>
<th>Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>#1. Analysis Report and financial assessment</td>
<td>1 month after notification</td>
</tr>
<tr>
<td>#2. 3-year business plan including sustainable business strategies</td>
<td>5 months after notification</td>
</tr>
</tbody>
</table>

All the deliverables will have to be presented in English and validated by the Contractor within 1 week after the submission, before moving to the next step of the assignment. Failure in submitting deliverables or not reaching enough quality may result in a reduced budget allocation. In addition, regular calls will be organized with the contractor.
5. Means of work and eligible costs

Equipment, consumables, travel (if any) and shipping costs should be included in the financial offer as a lump sum.

6. Eligibility

Applicants must fulfill the following requirements:
- Be an individual consultant, firm or association. Note: This ToR is not a subvention but a provision of services.
