RESET

KICK-OFF MEETING

As the region works towards developing and implementing measures for a sustainable green transition, RESET aims to facilitate economic and social development via supporting the creation of sustainable and green businesses.

RESET will gather, analyse and synthesise learnings regarding 'what works' within the field of sustainable and green business support, and work to upstream this knowledge effectively. It will support local, national and regional stakeholders to use this knowledge to create strategies, policies and regulation to stimulate the green economy.
